

# The UN and Global Governance

Lecturer	Chaldeans Mensah Ph.D.
Institution	MacEwan University
Email	Mensahc@macewan.ca
Class time	Morning

## Course Description:

- This course examines the theoretical and empirical evolution of international organizations and global governance. This course addresses how the UN tackles issues in global economic governance, human rights, environmental protection, development, and peace and security. The course includes an active learning component - specifically, a simulation of the First Committee of the UN General Assembly to discuss the following topics: Regulating Artificial Intelligence to counter disinformation and safeguard global security; Increasing Women's role in Disarmament and Non-proliferation.

## Materials/Text:

Pertinent articles and book chapters will be made available for students to download.

## Requirements:

None
